

True Serials: A Demonstration

Please join Lauren Pinsley, Senior Product Strategist at Nylink, for a demonstration of their new service, *True Serials*.

Providing a fully featured serials management service and ERM, *True Serials* is a hosted service that helps you to:

- Help your patrons find and use your e-journals and databases.
- Keep track of licenses, renewals, and other administrative data.
- Create accurate local holdings for your e-journals in WorldCat.

Join us on Monday, February 8th, 2010 from 2:00 to 4:00 p.m. at the Capital District Library Council for a live demo of *True Serials* and see how it can help you! Register for this event at no charge on the Nylink web site: <http://nylink.org/education/TrueSerialsLiveDemo.cfm> .
